

# HINIKER Conventional

2000 SERIES

**Polyethylene snow deflector** (optional) provides a slick surface for smooth snow flow.

**Progressive action full-trip design** activates compression springs for trouble free performance.

Optional molded poly, rubber, or spring-loaded rubber (shown) snow deflectors.

30" tall, high curve blade rolls snow off quickly.

Entire moldboard trips with soft-return compression springs.

Heavy-duty box section plow frame resists twisting & bending.

Hydraulic scissoring lift cuts transport bounce, eliminates chains.

## Get *Professional Performance* With Hiniker Straight Blade Plows

Take a professional approach to snow removal! Hiniker 2000 Series full-trip snowplows use box section frames and heavily reinforced moldboards for strength and durability. 30 inch tall high-curve moldboards move heavy snowfalls quickly. Our hydraulic scissoring lift reduces transport bounce and bang. Convenient compact joystick controls can be mounted anywhere or held in the palm of your hand. And the Hiniker Quick-Hitch mounting system is one system that truly lives up to its name. Count on Hiniker's proven performance—the professionals choice!
